

Procedure for shipping equipment for repair

Please contact our shipping department, when you need transportation of equipment, for repair.

shipping@dancutter.dk

+45 96512150

To achieve the best experience and fastest handling time, please have the following ready and attach in your e-mail:

1. Measure of the shipment (length x width x height)
2. Weight of the shipment)
3. Correct proforma invoice, containing the following information:

a. HS-code/Tariff:

b. Procedure code:

c. Account number:

d. Value of product:

4. Correct address for desired pick-up, of the shipment

Once the above information is received by Dancutter, we will arrange the shipping and provide labels for the person, who created the request.

Thank you for understanding.
