

GRABBER

A great no-dig tool

The Dancutter Grabber is a great no-dig tool for removing obstacles stuck inside pipes - a tree root, beer can, chain knocker or other tools lodged inside a pipe can slow down the work or worst case require digging up the pipe.

The Dancutter Grabber is an add-on to the DC SUPER FLEX and can be opened and closed with the grinder switch on the control unit. Powerful gripping teeth on the grabber jaws effectively hold on to the object while you pull it out, and the Grabber moves effortlessly through 45° and 90° bends in 4" - 6" / 100 - 150 mm or larger pipes.

GRABBING DIA.

Ø68 mm, 2.7"

AIR PRESSURE

Max 10 bar, 145 psi

FLEXIBLE

45° in Ø75 mm / 3"
90° in Ø100 mm / 4"

MOUNTING

On DC SUPER FLEX

Technical support

If you experience problems with the cutter or if you have any technical questions, please write to support@dancutter.dk

Order

If you need spare parts or cutting heads, please write to order@dancutter.dk

We recommend that you do the following to service and maintain the grabber daily after use.

Avoid placing your fingers between the grabber's jaws.

Highlights

Extremely flexible in 45° and 90° bends

360°-degree continuous rotation

Stainless steel

User friendly

Easy to mount on the DC SUPER FLEX

Precise control

Technical data

Pipe diameter: 75 - 150 mm / 3" - 6"

Air-driven

Grabbing diameter: 68 mm / 2,7"

Standard and extra accessories for DC SUPER FLEX
